Monica,

Enclosed is the 2017 Colorado Air Monitoring Network Plan, due by July 1, to satisfy the requirements of the Performance Partnership Agreement and the Code of Federal Regulations. This document was available for public comment for 30 days from May 26 through June 27, 2017. Two external comments were received. These comments and responses are included in an appendix. A hard copy will follow in the mail.

We look forward to EPA's review of the Plan. Please let me know if you have any questions.

Have a great weekend,
Gordon
